

Annual Leadership Conference January 30-31, 2019 Wichita ~ Drury Inn

Empowering Redesign: Igniting Student and Educator Learning

How do we ignite student and educator learning that changes practice and unlocks student talent?

Join us as we continue to seek ways to **redesign** our schools for the success of EACH student and prepare them for postsecondary success. Well known author **Robin Fogarty** returns to Kansas to open the conference with an all-day session on January 30th, focusing on *Preparing for the Test of Life*. Her focus will be on the roles of motivation, deliberate practice, and coaching in developing talent and abilities in students through engagement, relevant examples, discussions, and activities appropriate for all grade levels.

Commissioner **Randy Watson**, 2018 KTOY **Samantha Neill**, and Kansas colleagues will continue our learning on Thursday, January 31st. This conference is for all educators and all leaders, including: classroom teachers, teacher leaders, coaches, building and district leaders. Participants will experience collaborative learning that leads to greater engagement and deeper conversations, creating a culture that empowers redesign efforts where *all learners flourish*.

Preparing for the Test of Life: Unlocking Student Potential Robin Fogarty

To kick off the 2019 conference, **Robin Fogarty** will lead a day long interactive session. Educators will explore how teaching thinking skills is the key to student engagement. Her message is clear: *When students are challenged, they remain focused, engaged and inspired.*

Kansas shares Robin's belief that to prepare students for the test of life, they must graduate with academic/cognitive preparation, technical and employability skills and civic engagement. Students must be prepared for the known and unknown challenges as our future citizenry.

All participants will receive Robin's latest book, **Unlocking Student Talent**, guiding them through the process of developing students' fullest potential. *Bring your team and learn together.*
