

# PROTOCOLS FOR DIFFERENT ROLES

## Virtual Learning Events

- Experience interactive protocols (processes) that model effective professional learning.
- Study the characteristics of adult learners and apply to PL
- Examine the attributes of planning & delivering impactful professional learning.

Send members of your leadership team to the session(s) that fits best with your school or system. Collaborate afterwards to share your team's new learning as you plan for effective PL that will facilitate necessary changes to reopen schools differently.
